PATENT LEATHERS

That Rarely Break.

That old Bugaboo about the Unreliability of Patent Leather Shoes does not bother the wearers of HAHN'S Shiny Leather Shoes!

To be sure, the Guarantee is a thing of the past—you may taboo the statement of any shoeman who tells you otherwise.

However, we protect our patrons to a reasonable extent. Besides, long experience with enormous buying enable us to secure the most reliable patent leathers, and we allow no other sorts to go into our shoes. The percentage of HAHN patent leathers that break amounts to almost nothing—this at a time when high-leather prices are making the use of all sorts of "makeshifts" almost a general practice.

We're showing Patent Leathers in an enormous variety of entirely original styles—Men's and Women's range from \$1.95 to \$5; Young Folks' from \$1 to \$3.50—but we today especially mention

OUR GREAT \$3.50 PATENT LEATHERS.

Made of "Climax" and "Ideal" Patent Kid—Eclipse Patent Colt and Baker's celebrated Corona Patent Colt, these superb shoes are fully equal to any \$5 shoes shown elsewhere—and you may put them down as PRACTICALLY CERTAIN to give eminently satisfactory wear.

35 styles for women—including the modish Low Cut "College" boots—all the popular and exclusive heels and toes.

25 styles for men—button, lace, blucher and blucher-button—in every extreme and conservative shape—some with fancy suede tops.

Come in tomorrow and look 'em over.

FRACTURED HIS SKULL

JOSEPH STEWART SUFFERING FROM EFFECTS OF A BLOW.

Refused to Pay for Drink and the Barkeeper Hit Him With a Brick.

Suffering from fracture of the skull and in an apparently serious condition, William H. Stewart, colored, was taken from the saloon of William Cannon, 1225 7th street northwest this morning about 7:30 o'clock. The police removed him to Freedmen's Hospital after he had been given treatment at the Homeopathic Hospital. Joseph Cannon, who was working in the saloon as bartender, was arrested by Policemen McGrath and Carroll of the second precinct and accused of having caused the injuries. He admitted that he had struck the colored man with a piece of brick, but claimed he dealt the blow in self-defense. The information given the police by some of the surgeons who assisted in dressing the wound indicated that Stewart had not much show to recover. It was because of this information that young Cannon was held to await the result of the wound, no specific charge being preferred against him when he was placed under arrest.

Cannon was behind the bar this morning when Stewart, who is said by police to be a regular patron of the place and the drink, it is stated, was placed upon the bar in front of him without any questions being asked. When he had emptied the glass he failed to pay for it, it is charged, and the bartender made a demand upon him for the cash, but without success. The bartender had been on duty since the place was opened at an early hour in the morning and was about to start homeward to get breakfast when Stewart entered.

Persists in Refusal.

The customer was asked for the money several times. It is said by police who were in the saloon at the time, and when he showed no sign of putting down the cash he was invited to leave the place of business. This invitation was not accepted any more than was the request for the money complied with. It then became necessary to eject Stewart from the place. Young Cannon succeeded in putting him out of the saloon, but he returned and was a second time ejected, and he returned. The last time he entered the saloon, it is alleged, he was armed with a piece of brick and after the bartender had indulged in a further argument the colored man was knocked down.

Stewart did not get up and Cannon left the saloon and went to his home. It was stated that Stewart was subject to fits, but his friends afterward denied the assertion. Others thought he was considerably under the influence of liquor and believed that his inability to get up and leave the saloon was partly due to his condition. The police say the victim was unconscious when they got him and that his condition appeared to be critical. They hurried him to the Homeopathic Hospital.

When Capt. Sullivan reached the second precinct police station he learned that Cannon had not been apprehended. He directed several of his men to search for him. "He's only gone to breakfast," one of the officers was told when he made inquiry at the restaurant, "and he will be back in a short while."

Precinct Detective Forney and several policemen were sent out to search for Cannon, and he was met near 6th and O streets by Policemen McGrath and Carroll. He had had his breakfast and was returning to his place of employment. He was surprised when told of the serious nature of Stewart's injuries, and declared he had acted only in self-defense. The young man was taken to the second precinct station and held to await the result of the wound.

The police visited the saloon and obtained the names of the persons who were there at the time the affair occurred. They were questioned by the police, and it is stated they all agreed that the brick was brought to the saloon by the carpenter after he had been ejected twice because of his failure to settle for the drink at Freedmen's Hospital this afternoon it was stated that Stewart was still unconscious and that his condition was critical.

AT BRIGHTWOOD PARK.

Business Transacted at Meeting of Citizens' Association.

At a meeting of the Brightwood Park Citizens' Association last evening at the office of William Thomas steps were taken to secure better transportation facilities for the residents of that locality. Mr. Frank J. Metcalf, president of the association, occupied the chair and Mr. A. M. Condra acted as secretary.

A committee of three was appointed to confer with the officers of the Capital Traction Company with a view to having that company provide a suitable walk between the loop at the end of its line on 14th street extended to Brightwood avenue, in order to give the residents of Brightwood Park access to the 14th street line.

The proposed path would be about a quarter of a mile in length, it is stated, and would materially improve the transportation facilities of the residents of Brightwood and vicinity.

The secretary of the association was instructed to communicate with the officers of the Washington Railway and Electric Company regarding rumors that it was proposed by that company to run the cars of the Washington District Rapid Transit Company, the business part of Washington, with a view of ascertaining when such improvement in the system is likely to be made.

A proposition looking to the adoption of a system of "Jim Crow" cars on the Brightwood line was laid on the table indefinitely without serious consideration.

William H. Dexter and H. R. Green were elected members of the association. The chair appointed the following committee to serve during the coming year: Membership, R. K. Cook, H. F. Brunckhoefer, Fred J. Miller; streets and sidewalks, William W. Taylor, J. P. Pelka, William Thomas, J. L. Brodard, R. T. Donovan; trees, E. J. Ayres, J. H. Keesee, J. P. Ritchie; education, Homer Smith, G. Webster, L. J. Stoll, William H. Dexter; police and fire, W. F. Walsmith, Dr. C. H. Waters, W. C. Heilmann.

CONVENTION OF RAILROAD MEN.

Delegates Welcomed Here by Commissioner Macfarland.

A convention of railroad men interested in all means and methods of signaling on railroads assembled in this city today. It is the tenth annual meeting or "jubilee convention" of the Railway Signal Association, comprising more than 800 members from practically all countries of the world, who are actively engaged in signaling on railroads. During the session of the convention every branch of signaling will be discussed and standard methods and practices will be recommended.

"Greater Washington welcomes you most heartily," Commissioner Macfarland said. "Already great in beauty and wealth and intellectual life, it is to be the greater in all these things. Without spoiling its beauty or its intellectual life, its commerce is to be increased, and we want you to tell us how we can do it. We want you to tell us how we want them and their investments here. As patriotic Americans we count on you to do everything possible to advance the interests of your national capital."

The convention will be in session three days. Its work will be done through committees, which present reports on various methods and devices for railroad signaling. After consideration and discussion the resolutions are voted on by the delegates. A feature of the convention will be the annual dinner tomorrow evening.

Furniture and all kinds of things are advertised for sale in the "Sale of Miscellaneous" columns of The Star. One cent a word three times.

Anniversary

Bigger and Better Bargains Mark the Progress of the Phenomenal Anniversary Sale. It's a Week of Rare Value-giving. Come for Your Share Tomorrow!

A Wonderful Purchase of Men's Clothing in the Sale.

A leading New York firm, when it had filled its orders, made us the proposition to buy its entire remaining stock of Fall and Winter Suits. The firm needed the space and facilities for making up the spring lines. In order to make one sale of the entire stock and avoid parceling it out in small lots here and there, the price made us was astonishingly low—so small, in fact, that we feel we are justified in placing our regular stocks in the background and putting these superlatively high-grade suits on our tables for THE GREATEST AND MOST DESERVEDLY IMPORTANT SALE OF MEN'S SUITS EVER KNOWN IN THIS OR ANY OTHER CITY.

These suits are in the fall and winter weights, made of fine imported cassimeres and fancy worsteds in an almost endless variety of tasteful patterns; they are both single and double-breasted styles. Every suit is up to the very moment in both style and tailoring. We have marked the values at the regular retail selling prices—the prices you'd pay anywhere for these identical suits. And note the prices at which we sacrifice them—

All the \$12.50 Suits, \$8.75

All the \$15.00 Suits, \$10.75

All the \$17.50 Suits, \$12.75

All the \$20.00 Suits, \$15.75

All the \$25.00 Suits, \$18.75

VERDICT FOR PLAINTIFF.

Bradshaw Estate Recovers \$1,050 of B. and P. Railroad Company.

A verdict for \$1,050 has been returned by a jury in Circuit Court No. 1 in favor of William Beasley, administrator of John W. Bradshaw, deceased, against the Baltimore and Potomac Railroad Company.

The suit grew out of a shipment of four racehorses from Tampa, Fla., in April, 1899, to Washington, D. C., at an agreed through rate of \$130.10. When the horses arrived in this city delivery was demanded, \$130.10 being at the same time tendered, but the railroad company refused to deliver on the ground that, according to a waybill, which it had received presumably from the initial carrier, \$201.60 was called for.

Bradshaw refused to pay the additional charge and the horses were placed in a lively stable. After the expiration of six days the defendant offered to release the

horses for the sum of \$130.10, as called for by the plaintiff's contract. The owners refused to receive the horses, claiming that they had been damaged by the detention and were no more use to them as racehorses. Thereupon the horses were sold at public auction as unclaimed freight, and the suit was instituted by Bradshaw, since deceased, to recover their value.

Bradshaw was the owner of two of the horses, and James Baylan of North Carolina was the owner of another, and the late David Murphy of this city owned the other horse. Separate suits are pending to recover for Murphy's and Baylan's horses.

Ross F. Downing and Charles A. Kelgin represent the plaintiffs.

Gymnasium Classes of Y. M. C. A.
